

# SWITZERLAND OF OHIO LOCAL SCHOOL DISTRICT

*"We empower life-long learning, provide innovative experiences and embrace challenges.  
Every small step makes a difference."*

---

July 31, 2025

Dear Parents and Students,

Senate Bill 29, which focuses on student data privacy, requires school districts to provide an annual notice to parents about the monitoring of school-issued electronic devices and accounts.

Switzerland of Ohio Local Schools generally monitors all school-issued devices, such as Chromebooks and Google Workspace accounts, either directly or through a technology provider, to help ensure a safe and effective learning environment. Some examples include student interactions with school-issued devices, like their web browsing and typing activity, and in rare instances with a lost device, we may access a device's location. We do this for educational purposes, such as providing support, proctoring exams, and following state and federal laws. This monitoring also serves as a precaution to help address any safety concerns if they should arise.

If we are required at any time to go beyond this general monitoring, you will receive a notification with additional information.

If you have any questions or concerns, feel free to reach out to us at 740-472-5801.

Thank you for your partnership in supporting our students' education!

Sincerely,

Jeremy Beardmore  
Superintendent  
Switzerland of Ohio Local Schools
